

The background is a dark, textured surface. In the upper left, the VIZIO logo is displayed in a white, sans-serif font. On the right side, there is a large, faint, circular emblem. This emblem features a five-pointed star in the center, surrounded by concentric circles. The words "ENTERTAINMENT" and "WALLEDOWN" are partially visible around the perimeter of the circle. A vibrant, flowing, orange-red liquid-like shape, resembling a ribbon or a flame, starts from the left and curves across the middle of the image towards the right, passing in front of the circular emblem.

USING THE REMOTE

Power/Standby: Turn the TV on or off.

Input: Change the input device.

A/V Controls: Control USB photo slideshow.

Info: Display the Info Window.

CC: Open the Closed Captioning menu.

Menu: Display the on-screen menu.

Exit: Close the on-screen menu.

Arrow: Navigate the on-screen menu and episode guide.

OK: Select highlighted menu option.

Back: Go to the previous on-screen menu options.

V Button: Open USB player.

Volume Up/Down: Increase or decrease the loudness of the TV's audio.

Channel Up/Down: Change the channel. With each press of the button, the channel will increase or decrease by one.

Mute: Turn the sound off or on. When mute is activated, the TV's audio is turned off.

Last: Return to the channel last viewed.

Number Pad: Use the number pad to manually enter a channel.

Dash (-): Use with number pad to manually enter a digital sub-channel. (For example, 18-4 or 18-5.)

Wide: Switch between display modes.

INSTALLING THE BASE

Place the TV screen-down on a clean, flat surface. To prevent scratches or damage to the screen, place the TV on a soft surface, such as carpet, rug, or blanket.

Place the base against the back of the TV as shown.

3

Using a philips-head screwdriver, attach the base to the TV by inserting and tightening the 4 included screws.

4

Move the TV with attached stand into an upright position and place on a flat, level, and stable surface.

FIRST-TIME SETUP

1

Remove the battery cover by pressing gently and pushing it away from the remote.

Insert the batteries. The + and - symbols on the batteries must correspond to the + and - symbols inside the battery compartment.

Replace the battery cover by gently sliding it back into place.

2

Connect the power cord to the back of the TV.

Plug the power cord into an electrical outlet.

3

If you have an external antenna or a cable connection that extends from a wall outlet, connect it to the TV with an RF/Coaxial cable and the included RF Adapter.

4

Turn the TV on by pressing the **Power/Standby** button on the remote or on the side of the TV.

The Setup App is displayed.

5

Press the **Up/Down Arrow** buttons on the remote to highlight your preferred language.

Press Right Arrow to go to the next screen.

6

Press the **Up/Down Arrow** buttons on the remote to highlight Home.

Press **Right Arrow** to go to the next screen, then enter your time zone and daylight savings information.

7

If the TV is connected to an external antenna, select **Antenna**, then press **Right Arrow** and go to step 7.

If the TV is connected to a cable service without a set-top box (cable is connected directly from the wall outlet) select **Cable**, then press **Right Arrow** and go to step 7.

If the TV is connected to a cable or satellite set-top box, press the **EXIT** button on the remote, then select the input to which your set-top box is connected (HDMI, COMP, or AV).

8

Press the **Up/Down Arrow** buttons on the remote to highlight **Scan**.

Press **Right Arrow** to begin the channel scan.

Wait for the channel scan to finish.

When the channel scan is complete, the first-time setup is complete.

CONNECTING YOUR DEVICES

To get the best high-resolution picture and sound on your new VIZIO TV, connect your devices with an HDMI cable.

VIZIO High Speed HDMI Cables are manufactured to produce the best picture on VIZIO TVs and feature:

- 1080p and for full HD video and future Ultra-HD video
- Great flexibility for thin wall mounts
- Stays securely connected at sharp angles
- Limited lifetime warranty

Visit www.VIZIO.com to purchase online.

HELP TOPICS

Products are often returned due to a technical problem rather than a defective product that may result in unnecessary shipping charges billed to you. Our trained support personnel can often resolve the problem over the phone. For more information on warranty service or repair, after the warranty period, please contact our Support Department at the number below.

Customer support and quality service are integral parts of VIZIO's commitment to service excellence. For technical assistance contact our VIZIO Technical Support Department via email or phone.

Please have your VIZIO model number, serial number, and date of purchase available before your call.

Phone: (877) 698-4946

Fax: (949) 585-9563

Hours of operation:

Monday - Friday: 6 am to 9 pm (PST)

Saturday - Sunday: 8 am to 4pm (PST)

There is no power.

- Ensure the power cord is securely connected to the AC socket on the TV and a working electrical outlet.
- Press the **Power/Standby** button on the remote or on the right side of the TV.
- Try plugging the power cord into a different electrical outlet.

There is a picture, but there is no sound.

- Press the **Volume Up** button on the remote or on the right side of the TV.
- Press the **MUTE** button on the remote to ensure Mute is off.
- Press **MENU**, then select **TV Settings > Audio**. Ensure **TV Speakers** is set to **On**.

The picture quality seems low.

- View high-definition (HD) programs when possible.
- Ensure all cables are securely connected.
- If you are using an antenna, the signal strength of the channel may be low. Ensure your antenna is connected securely to the TV and move the antenna around the room or close to a window for the best signal.

I cannot return to the Setup App.

- The on-screen menu has guided setup. Press **MENU**, then select **Help > System Reset > Start Setup Wizard**. Enter your PIN (default is **0000**). Select **Yes**.

There are black/gray bars on the top/bottom/sides of the picture.

- Set the TV to Wide or Zoom Mode.
- Adjust the video settings of your external device (Blu-ray™ or DVD player).
- If using the RGB (computer) input, ensure you are using a supported desktop resolution.
- Some television channels add black bars to the picture.

The TV does not respond when I press buttons on the remote control.

- Insert new batteries into the remote.
- Point the remote directly at the TV's sensor.
- Ensure nothing is blocking the TV's sensor.

The TV displays “No Signal”

- Ensure your connected devices are turned on.
- Press the **INPUT** button on the remote and select the input to which your device is connected (HDMI, Composite, etc).

The colors on the TV don't look right.

- Adjust the Color and Tint settings in the Picture menu. See *Adjusting the Picture Settings* in the user manual.
- Reset the picture settings. See *Resetting the Picture Settings* in the user manual.
- Check all cables to ensure they are securely attached.
